## *Executive Summary*

David Edmund Slattery, Sr. is the Chairman and CEO of the David E. Slattery Companies, a dynamic real estate development company which has been headquartered in Omaha, Nebraska for over 25 years. Mr. Slattery's dedication to his company can be seen in the past, present and future projects that he has envisioned and implemented.

After receiving his Bachelor of Science and Juris Doctor from Creighton University, Mr. Slattery founded Commercial Federal Corp. (CFC), and Commercial Federal Realty Corporation (CFRC). CFC and CFRC were both wholly owned subsidiaries of Commercial Federal Savings and Loan; a multi-billion dollar publicly traded national financial institution which is now owned by Bank of the West. As President of CFC and CFRC, Mr. Slattery developed and syndicated more than \$100 million worth of real estate, including nearly 2,000 apartment units, hotels, and raw land. During this time, Mr. Slattery coordinated the adaptive reuse of historic buildings for affordable housing for low income tenants and the elderly. In the process, he established over 1,000 private investor relationships. Real estate projects for CFRC include the Orpheum Tower Apartments - the former City National Bank Building, the Kensington Tower Apartments-a 160,000 sq. ft. conversion project, Kellom Heights - a low income residential project, Beacon Hill Apartments, Superior Place Apartments and Washington Heights Apartments. In 1989, ties with Commercial Federal were ended due to the inception of regulatory mandates on the Savings and Loan Industry. Mr. Slattery established his own company at that time and has been developing real estate for his own portfolio since 1989.

The David E. Slattery Companies today encompasses five wholly owned subsidiaries with over 400 employees in five Midwestern states. Under his leadership, thirty five projects totaling nearly \$300 million have been executed over the past quarter of the century. His Company focuses on challenging projects which require innovative and imaginative solutions, both financially and architecturally. Mr. Slattery's Development Portfolio of Real Estate includes apartment buildings, hotels and restaurants. Eleven of his projects have been historic renovations involving adaptive reuse of previously vacant, abandoned

buildings. He has received historic preservation awards from Landmarks of Omaha, the Nebraska State Historical Society and the City of Omaha's Mayor Partnership Awards twice. Two of Mr. Slattery's projects, the Westin Aquila Court Hotel and the Columbian School Apartments were chosen by the Omaha Symphony as Designer Showhouses. The Westin Aquila was featured in The USA Today, The New York Times, The LA Times, and was on the 1996 cover of Great Hotels and Resorts Magazine. Mr. Slattery's combination of civic duty and hard work has benefited the Omaha community more than once. The Holy Name Housing Leo Vaughan Manor, the Stephen Center, Sacred Heart and Catholic Charities Campus of Hope have all benefited from his donation of time, talent and funding. Mr. Slattery's unique talent and expertise in the area of adaptive reuse is evidenced by the vision and commitment he has to all of his projects and the fact that he perseveres diligently until each project is financially successful.

Mr. Slattery's current inventory of real estate includes Aspen Ridge Apartments, Park School Apartments, Roseland Apartments, Leavenworth Lofts, Robidoux Apartments in St. Joseph, Missouri, the Grand Prairie Hotel, Water Park and Convention Center in Hutchinson, Kansas and The Shamrock Inn and The Inn at Okoboji in Okoboji, Iowa.

### ***The Inn at Okoboji -Future Development***

Mr. Slattery owns eighty-six acres of land in Okoboji, Iowa through Iowa Great Lakes Holding, LLC. This land includes The Inn Resort, golf course and convention center and recently acquired adjacent multi family land. Natural trade winds favored The Inn's location for the first development ever built on the lake in 1896.

For nearly a decade, The David E. Slattery Companies have been planning a spectacular development for this parcel of land. Over 1,300 dedicated guests of The Inn have signed interest indicator cards requesting possible ownership in this new project. Okoboji, Iowa is a booming resort town with one of only three blue water lakes in the world according to National Geographic Magazine. Just thirty-five minutes away, a new casino was opened in 2007. This is a testament to the changing demographics of the area.

Lake Okoboji's unique location and traditions attracts over one million visitors annually from all over the world. There are over 9 million people within a tank of gas from The Inn. Over \$200 million of real estate has been sold over the past 2 years fueled by an influx of baby boomers seeking second home ownership. The strategic location and traditions at The Inn at Lake Okoboji and its surrounding lands are a tremendous opportunity for real estate development.
